

Real-time flight schedule tracking and notification system

Monitor the schedule changes that matter to your business and customers

Save time and costs on research and analysis

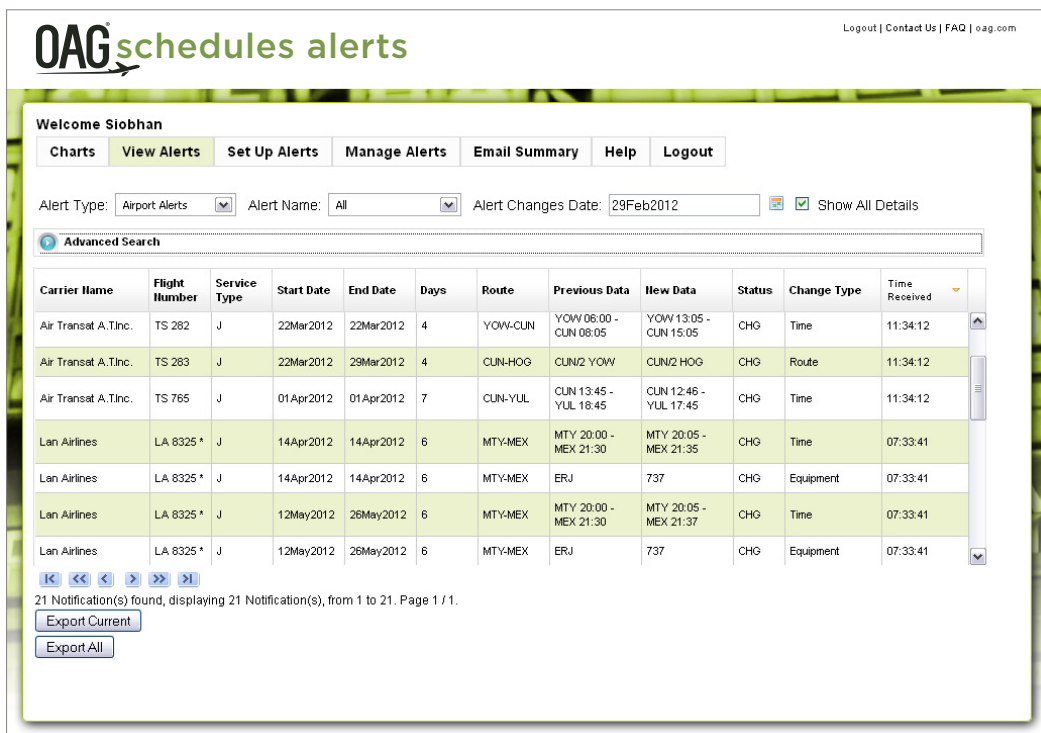

Gain insight on your competitors in real time

Respond faster to changes in the market

Key features:

- Chart overview for quick reference
- Airport alerts from your chosen airports/airlines
- Equipment changes for wide/narrow-body aircraft
- New and discontinued routes
- New and discontinued flight numbers
- Route changes (departure and arrival)
- Export results for easy sharing
- Select from historical data and regions to meet your specific analysis needs.

The screenshot shows the OAG Schedules Alerts web application. At the top, there is a navigation bar with 'OAG schedules alerts' and a 'Logout | Contact Us | FAQ | oag.com' link. Below the navigation bar, there is a 'Welcome Siobhan' message and a menu with 'Charts', 'View Alerts', 'Set Up Alerts', 'Manage Alerts', 'Email Summary', 'Help', and 'Logout'. The main content area features a search filter section with 'Alert Type: Airport Alerts', 'Alert Name: All', and 'Alert Changes Date: 29Feb2012'. Below this is an 'Advanced Search' section with a table of flight schedule changes. The table has columns for Carrier Name, Flight Number, Service Type, Start Date, End Date, Days, Route, Previous Data, New Data, Status, Change Type, and Time Received. The table contains several rows of data, including flights from Air Transat A. Inc. and Lan Airlines. At the bottom of the table, there are navigation buttons and a message: '21 Notification(s) found, displaying 21 Notification(s), from 1 to 21. Page 1 / 1.' Below the message are 'Export Current' and 'Export All' buttons.

Carrier Name	Flight Number	Service Type	Start Date	End Date	Days	Route	Previous Data	New Data	Status	Change Type	Time Received
Air Transat A. Inc.	TS 282	J	22Mar2012	22Mar2012	4	YOW-CUN	YOW 06:00 - CUN 08:05	YOW 13:05 - CUN 15:05	CHG	Time	11:34:12
